In order to be most effective, Learning environment should be:

- Highly attuned to learner motivations and emotions
- Acutely sensitive to individual differences

OECD/CERI Innovative Learning Environments
/ 2013/ Page 12

Global inequality in learning outcomes remains stark.

As many as 250 million children could be failing to read or write by the time they should reach grade 4.

UNESCO EFA Reporting 2012 Youth & Skills page 35

Education is failing to equip the future workforce effectively. Employers complain that levels of literacy and numeracy are way below par; and bemoan the lack of basic workplace skills, such as teamwork, communication and personal presentation.

Peter Searle Adecco UK CEO. 2013
