

Training Process Continuous Monitoring Report

Report date: 01/06/2012

Percentage of people regarding *effective use index

**Effective Use Index takes into account the time spent logged in the system, documents read, session interactions, tutorships sent and community interventions*

List of people that haven't logged in the system in the last 7 days for 30 accumulated minutes and are below the *standard effective use index

**The Standard effective use index is established based on a growth curve relative to the effective interaction during a training process*
