2nd Research

The construction of a theoretical model
and a theory about:

How organizations learn to change

1st. Research (21 years)

I want to
share with
you my
two
researches

The
Results
were:

The Model, The Theory
and The Technology
generate:
The Comprehensive
Organization

2nd. Research (12 years)

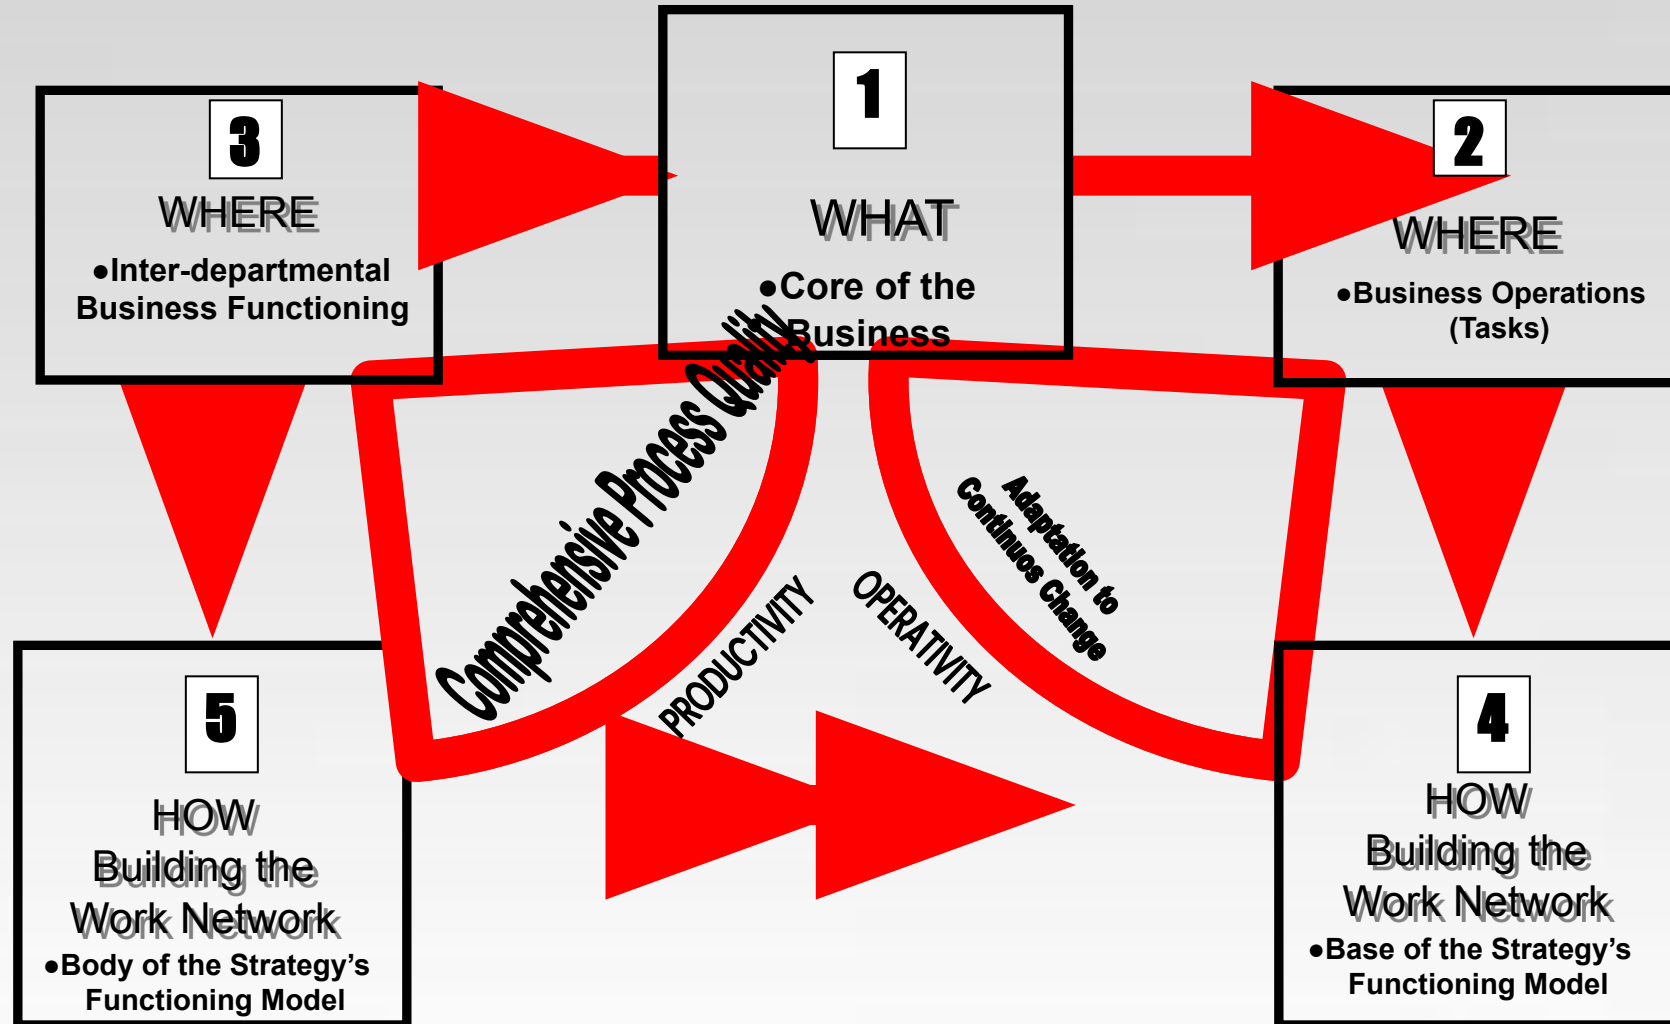

The construction of a soft-technology as
the application of the Theory to optimize
productivity in the knowledge economy
through *organizations that learn to change*.

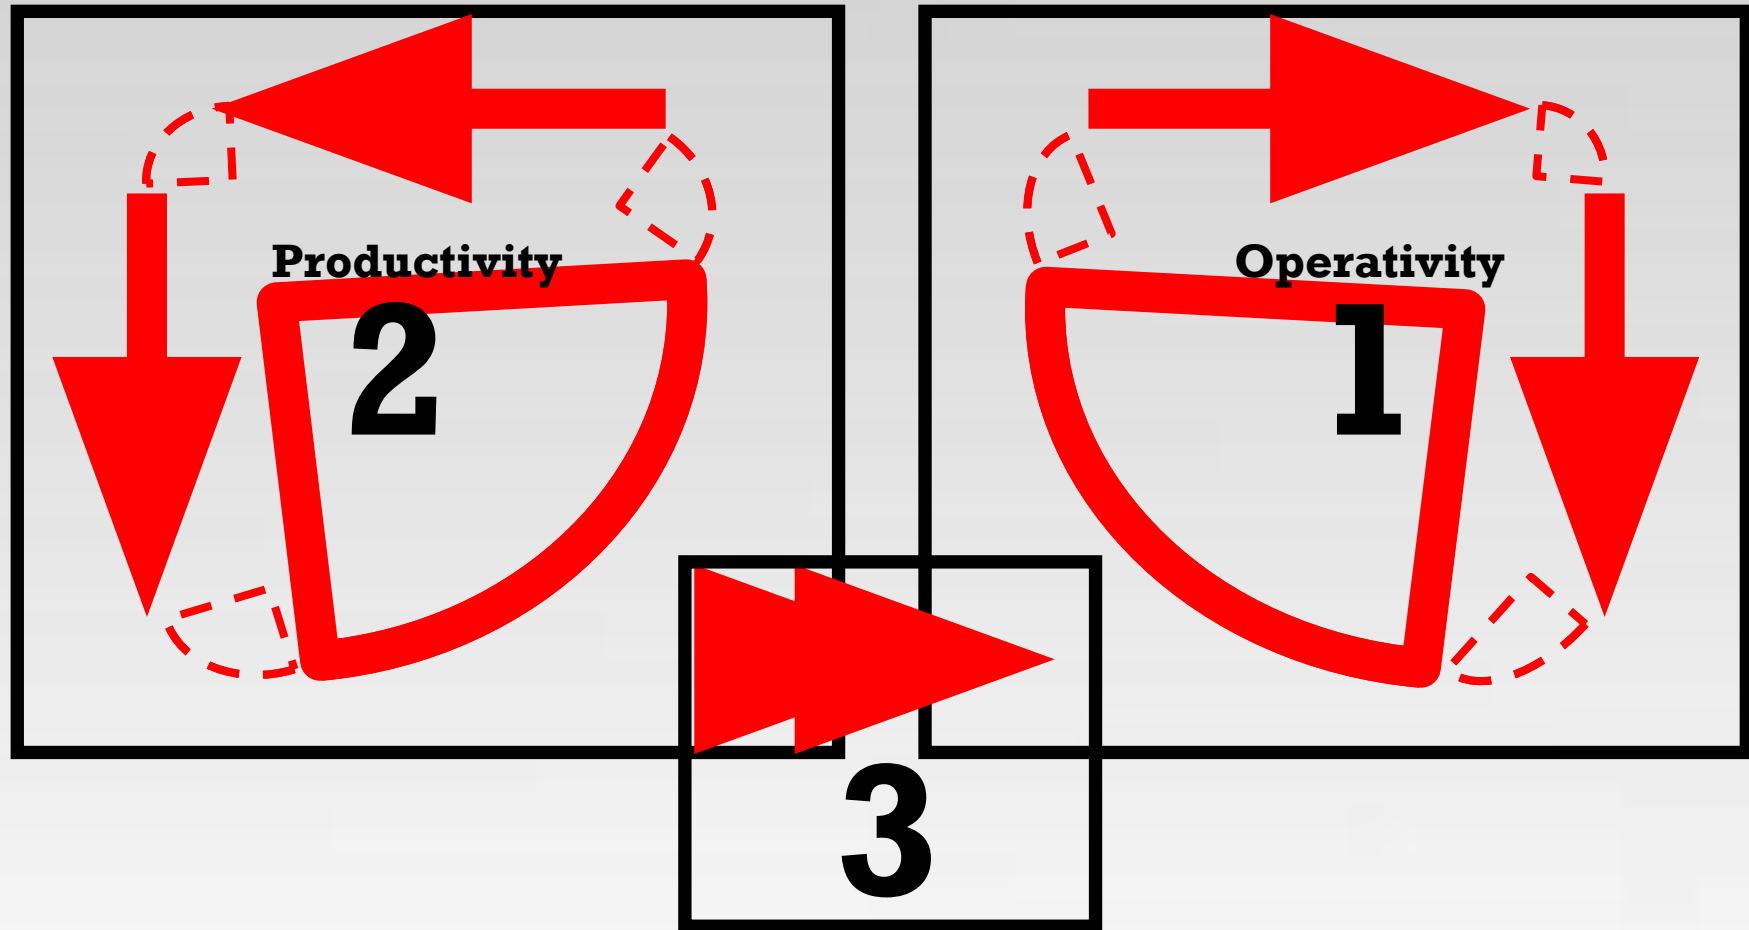

Flexible, to
adapt to
changes.
Fast, to
response
to
demands.
Innovative
to add
value to its
products
or
services.

The importance
of the two
researches is
that they offer
and answer to
the challenge of
the new
realities:

- Productivity
- Wealth
- Globalization
